ABOUT ME

I'm a software engineer student from Uruguay I study on Udelar College.

I've started working as a software developer in 2022 on a full stack role in the company.

LANGUAGES

Spanish : Native

English: Advanced

Portuguese: Advanced

EXPERIENCE

Full Stack Software Engineer

- I have 1 year of experience working as a full time full stack developer, creating responsive UI interfaces using JavaScript, React, Bootstrap, Tailwind and CSS. On the backend side I use PHP and Node to develop new features using the best practices and polish the old ones

STUDIES

2019 English B2 student Graduated with honors
Alianza Academy of Uruguay

2022 Computer Science
Udelar College

SKILLS

- I developed others skills for personal projects: I developed for mobile devices using Flutter and SQLite for the DB. Developed IA projects using python.
